Practically all tumors are untreatable. White spots may not be obvious on light colored fish or if the infection is just in the gills, however that may not rule out infection.

Added to basket. The fish bloat up, with tumor like protrusions, and eventually die. Integrated Fish Farming IFF is a sustainable-agriculture technology practiced widely in Asia and other regions of the world. Anchor Worms. This is often caused by the Arowana eating unclean food, food that is difficult to digest e.
