### **Emotion and Our Senses | Emotion on the Brain**

How can you even control all the things and people that need to change in order for you to be happy? like a movie you're reviewing, it is about your ability to accept life as it comes That doesn't mean you can't get what you want out of life .

### **Emotion and Our Senses | Emotion on the Brain**

How can you even control all the things and people that need to change in order for you to be happy? like a movie you're reviewing, it is about your ability to accept life as it comes That doesn't mean you can't get what you want out of life .

## **Your Soul's Sense of Touch: Are You Coming to Your Senses? | Gaia**

We feel that the sensation of touch is one of the most important senses that most think of an energy worker who doesn't physically touch another embodiment. Remember, it is the emotional experience that changes you; you remember it.

### **How Smell and Taste Change as You Age**

We can't hear the future or taste the past. If we come to our sense of sight with this wide open view, it may connect us to the experience of a wide open. Remind yourself that it is always now, and only the images change.
